

KIRSCH

Federal Tax Credit January 2025
Qualifying Product Document

How to use this document

All eligible Kirsch Cellular Shades products with Automation qualify for the Federal Tax Credit.

To determine if any non-motorized Kirsch Cellular product qualifies for the Federal Tax Credit, please follow the steps below.

- 1) Refer to the Product Qualification Reference Chart, which can be found on Page 3.
- 2) In the Product Qualification Reference Chart, if the fabric is listed as "All Qualify" then **ALL** operating systems and sizes within that product category qualify for the Federal Tax Credit. Available operating systems include Automation, Cordless, Retractable Wand and Clutch Control in standard, Top-Down/Bottom-Up and Top-Down where applicable.

If the fabric you purchased is listed as "Some Non-Qualifying", please reference the Qualifying/Non-Qualifying Size Grids, for those applicable operating systems.

- 3) Within the Qualifying/Non-Qualifying Size Grids: find the specific fabric, operating system, and size of the product. If the size of the product falls within a dark green area, the specific product configuration **DOES NOT** qualify. If the size of the product falls within a light green area, that specific product configuration qualifies.

IMPORTANT: Any products purchased with the following systems and design options **DO NOT QUALIFY**.

- Day/Night
- Vertical Cellular
- Skylight
- Room Darkening Side Track
- Arch Shade System
- Two-on-One Headrail
- End Mount
- Outside Mount
- Specialty; including Sidelights, Shapes, Cut-outs, Magnetic Hold Down Brackets
- Fabrics not listed on page 3.
